The only point for consideration in such cases, regarding which we had the arguments generally advanced in similar schemes by the Finance Branch, is whether Govt. loans are meant for people who can not command capital of their own or whether consideration be all applicants who satisfy the conditions of this G.O. This aspect has certainly been considered by the Committee for Industries & Commerce & further in view of the great advantage of installing these plants & the general backwardness of even of our very rich men in economical projects, as the Committee think it would be an advantage if Govt. loans are taken & cultivators managed by the richer classes.

(5) For the present I think we need not abstain from giving loans to persons who can easily raise capital elsewhere. From the point of view of the security the more solvent a man is the more desirable it is to give loans to such persons

Subd. 2-12-15. (8) The loan is for 16,000 Rs. Under rule 2 loans for machinery should not ordinarily exceed Rs 10,000.

(9) The rules for the grant of loans on the hire purchase System do not provide any security for Govt other than the machinery itself and as is well-known its value depreciates very rapidly and a great loss will be incurred by Govt if it has to depend solely on the machinery for the repayment of the advance.

It is true that under Auditor rule 12 (10) of this agreement all sums due may be recovered as arrears of land revenue. But this avails little as the rules do not require any information regarding the solvency of the person or the property he owns.

(13) [As regards A, I think the matter may be opened to Dir of Ind. for opinion - A draft may be put up. The legal technical aspect is however a little difficult. In a hire-purchase the machine belongs to Govt & is hired out to the applicant. If he does not fulfil the contract he has to forgo the deposit made & any hire he may have paid - Where is the room for security? I shall be glad however if the Dir can put up a reasoned & reasonable draft.

Submitted to His Highness.

(23) The Industries and Commerce Committee have recommended the grant of a loan of Rs.12,000 to meet the balance of the cost of supplying an Anderson Oil Expeller to Mr. A. Ramanna of Mysore on the hire-purchase system. The security offered is adequate. Owing to the large extent to which oil-seeds are grown in the Mysore District, the oil-mill has good prospects of commercial success. In these circumstances the loan recommended may be sanctioned.

To

The Secretary,
Industries and Commerce Committee,
Bangalore.

Sir,

I have the honour to forward a Hire Purchase Application from Mr. A. Ramanna amounting to Rs.16,000/- for the purchase of machinery for the establishment of an Oil Mill in Mysore. The machinery will consist of an Anderson Oil Expeller, crushing rolls and filter press and will be on similar lines to the very successful plant which is now being worked by Messrs. R.C. Muniappa and Brothers of Bangalore. Mr. Ramanna has paid Rs.4,000/- being one-fourth of the purchase money and I recommend that the application should be endorsed and forwarded to Government for sanction.
